The highlighted part is the voiceline I ask you to record for me in MP3, optionally a different expression to come along with it. Feel free to change a bit of the script for your part if you find it more suitable for your character, but consult me about it.

Script

(going to add things before the maid cafe to introduce the scene)

Anthony walks in the maid cafe

Maid (assuming Long) greets Anthony to joining, hands out menu

Anthony sits down, looks through menu

Menu is a list of maid with their traits (shown example on discord, he will go through all of them)

Anthony chooses the maid of his choice

MAID PART

Maid comes to his table

Maid greets him and thanks him for choosing to be his maid for the day
[H-Huh?... You chose me? Well it seems like you have good taste after all… You read the description so you know my name already, right? Good, this is embarrassing as it is…]

(feel free to add anything in here in between)
[What? No, it's not like I wanted you to choose me or anything… but thanks anyway, I guess…]

Maid asks Anthony what food he would order
[Alright, so, are you gonna tell me what you want to eat or not, moron?]

(Anthony is presented three choices, will decide later or ask for suggestion)

Maid acknowledges and goes grabs his order
[You seriously ordered that? I mean, if that's what you want, dumbass…]

Maid comes back with food and hands it to him

(choose how you want to infuse your magic into his food or something with his food)
[Sorry for the wait, here's your order– What? You want me to do what to your food? Spit in it? I… What the hell is wrong with you?... Sigh… I don't do this for just anyone, you know that? Consider yourself lucky. *SPIT NOISE*]

Anthony has 7 choices he can choose to reply (tell me three numbers from 1-7)

zMaid response to his reply and goes away

Anthony eats food

Maid comes back with a cupcake, recently heard it was his birthday

(choose how to approach him with the cupcake and what to say for his birthday)
[Despite the sick and twisted thing you just asked me to do… I couldn't let a birthday boy as cute as you go without some sort of celebratory treat, right? Yeah, yeah, wipe that smile off your face, freak…]

Anthony appreciates your birthday wishes, he eats it

He then pays an egregious amount of amount of money plus 1000% tax and tips

Maid gives their goodbye and wish for him to come back another time as he leaves
[You're leaving already?-- I mean, bye or whatever. It's not like I want you to come back or anything, dummy…]

Anthony exits the cafe and then gets hit with the Re:Zero restart sound and he's back at the table to choose a different maid with each previous maid being grayed or blanked out
